

## Attention College Students:

You are invited to apply for the NANPA Summit College Scholarship Program.

**Deadline: October 31, 2018**

### NANPA Summit College Photography Scholarship Program

The North American Nature Photography Association (NANPA) is awarding scholarships for college students to attend its NANPA Summit College Photography Scholarship Program during the Nature Photography Summit and Trade Show in Las Vegas, NV, in February 2019. It is truly a once-in-a-lifetime opportunity to make personal contacts with the top pros in nature photography, as well as, other industry leaders.

#### PROGRAM HIGHLIGHTS:

A key part of this scholarship experience is working with a Summit-area client on a story-telling project prior to the start of the Summit. The student team of scholarship recipients will work with the client to develop the story line and decide the visual format for the project. Participants will then go to the field to shoot photographs and record video and audio to support the project. The story-telling project will then be shown to attendees on the final night of the Summit.

#### ELIGIBILITY:

To qualify, you must be at least 19 years of age as of December 31, 2018, and a full-time undergraduate or graduate student in an accredited college, university, community college or trade or vocational school. You don't have to be a photography major or even call yourself a nature photographer. You do have to have a digital camera that accepts interchangeable lenses.

#### TO APPLY:

Applications must be submitted by October 31, 2018. Start the application process at:
